# Selador Desire D40XTI™

X7 COLOR FOR PERMANENT INSTALLATIONS – INDOORS OR OUT

## Flexible color

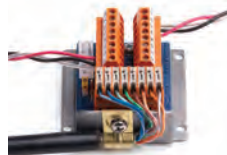

The Selador Desire D40XTI is a tough LED luminaire that brings the nearly limitless color range of the x7 Color System™ to permanent installations – inside a venue or out in the elements.

## Smooth dimming

The D40XTI makes dimming a work of art, offering the highest-quality fades.

## Quick setup

With just two cables – one for power, one for both data in and thru – the D40XTI can be installed in mere minutes. The power cord can be permanently wired to a junction box while DMX/RDM terminates by simply plugging into a convenient data board.

## Add accessories in the field

The trim ring on the D40XTI gives the luminaire a clean look, while providing trouble-free access to accessories without compromising the fixture's seal.

## Product Features

- RDM configuration
- ETL 1598-rated for general luminaire installation lighting
- IP66-rated for exterior, wet-location use
- Data in and thru
- Mounting accessories for pole- or wall-mounts
- 50,000-hour LED life
- Primary field angle of 17°
- Handy trim ring allows safe access to accessories in the field
- Multiple DMX profiles and fixture settings

## A light for every task

The D40XTI comes in seven arrays:

### *Vivid™*

Eye-catching saturated colors

### *Lustr®+*

Adjustable whites, tints and deep tones

### *Fire™*

Smoldering crimsons, golds and ambers

### *Ice™*

Silky sapphires, plums and emeralds

### *Studio HD*

Variable, broadcast-quality whites

### *Studio Tungsten*

Warm whites ready for their close-up

### *Studio Daylight*

Cool whites that emulate daylight
